

QUALITY ENVIRONMENTAL OCCUPATIONAL HEALTH & SAFETY POLICY

Our aim is to maintain market leadership in manufacturing & exporting Spheroidal Graphite cast iron machined castings while delivering the best machined casting solutions, meeting customer requirements & expectations, in an environmentally friendly way while conserving natural resources & ensuring health & safety of everyone around us.

Our Intentions:

- Preventing occupational health hazards & Injuries.
- Minimizing pollution & waste generation
- Continual Improvement

We aim to fulfill this by

- Integrating QEHS requirements with business activities
- Compliance with legal & standards requirements
- By meeting these objectives in turn scaling up department performance
- Including participation of all employees, Training & motivation at all levels.
